Do you every Wonder what determines
When the stats are Posted?
You (Captains) do.....
Reason for Delays ; when I have to
read the score sheet from right to left, it
makes a difference when inputting the data,
when I have to determine what
the points are left or how many darts were
really thrown, and when it's too hard for
you to spell your players name out , I have
to piece together which A played which J.
player from front to back. It's hard to
believe that we are checking/verifying
scoresheets we have teams starting with 818
in the 801 game, etc. it all
requires more time, and patience. Which
interrupts the work flow and I have to
reorganize, which means I regroup usually
on a different date. Single Ckt - The front
of the score sheet is the official place to
record your cricket points and darts thrown.
Thanks for your help

ARTICLE VI: THE SCORESHEET - RECORDING AND REPORTING MATCH RESULTS

A. Each team is required to maintain its own copy
of the match scoresheet. Upon completion of the match,
teams are to compare their scoresheets to ensure that both
teams are in agreement as to the data being reported.
(This may also be done after each individual section of
the match.) Teams must resolve any differences between
their scoresheet data before returning the winning team's
scoresheet.

B. Each participating player's first and last name
and HPPD average (defined in Article VIII) is to be filled
in at the top of the scoresheet. Team names need to be
listed on the lines provided at the top of the scoresheet.

C. General rules for listing a section:

1. No team captain may take more than 5 minutes to complete the listing for any given section. Failure to observe this rule will result in a two-point team penalty.

2. Each section is to be listed BLIND. The scoresheet is folded in half and listing is done without looking at the opposing team's list. Only after each team has completed listing is the scoresheet unfolded and the games called. If a team opens the scoresheet to look at the opposing team's list before fully listing their own team for the section, any spaces left blank when the sheet was opened will remain blank, either resulting in game forfeits or playing short-handed. Each section is listed separately; do not list the whole scoresheet at once.

3. Once the lists for a given section are completed by both teams, there will be no changes or substitutions allowed.

4. Include sufficient indication of a player's identity so that the statistician is able to distinguish between players (i.e., if two players on the same team or in the same singles cricket game have the same first name, include the players' last names).

5. In order to be eligible for play in the doubles or four-person sections, a player must have been listed and present in one or both singles rounds. (Note: a player who is listed and present but receives a forfeit in singles, IS eligible to play in doubles and four-person.)

D. Guidelines for reporting singles games for handicap purposes:

1. For all singles games, the following must be recorded in the proper locations on the scoresheet:

- Player name;
- Each player's starting score;
- Each player's final score;
- Number of darts thrown by each player;
- A "bust" in an '01 game is ruled to be a full turn of three darts regardless of which dart of the three it is that makes the turn a "bust".
- In the winning turn of the game, count only the number of darts actually thrown in that turn (i.e., a final turn in which only one or two darts is thrown is not counted as a full three dart turn).

e. The marks scored by each player (for singles cricket). [There are cricket scoreboards on the back of each scoresheet, where teams are required to mark how many 20s, 19s, 18s, 17s, 16, 15s, and bulls each player scored.]

2. Teams that chronically do not record or improperly record handicap games will be assessed a penalty and have points removed from their team totals. After two warnings (either by person-to-person communication, or by indication of such problems on the front page of the newsletter), teams involved in improperly recorded games will be penalized the value of the game points for further omissions or errors.

a. If you forget to keep track of the darts thrown or final point total (or marks scored in cricket), indicate that game as unrecorded. Do not guess or fabricate scores.

b. An unrecorded game will not be included in a player's handicap calculation.

3. DO NOT record singles cricket games as they progress. Wait until the game is complete, and then copy the entire scoreboard at once. (Scoring as a game progresses is one of the major sources for error on any scoresheet. Invariably, something is missed as the scoresheet keeper's attention shifts for even a single turn.)

E. Individual sections. In each section, each team lists 4 players unless they are playing shorthanded. Teams playing short will list only 2 or 3 names.

1. Singles games; For purposes of calculating point-per-dart averages, all data as described above in Article VI, D, must be recorded for all singles games.

a. 301, free-in, double-out.

b. Cricket.

2. Doubles games;

For doubles games, teams should indicate any games that are thrown in a relatively low number of darts, as they may be eligible for a post-season "fast game" award.

a. 601, free-in, double-out.

b. Cricket.

3. Four-player game;

For four-player games, teams should indicate any games that are thrown in a relatively low number of darts, as they may be eligible for a post-season "fast game" award.

a. 801, free-in, double-out.

F. Record any all-star points, high outs, or other notable turns scored beside the player's name on the scoresheet in the game in which the turn was thrown. Record any high outs on the scoresheet in '01 games only.

G. Any match being played under protest should be noted on the scoresheet.

H. Any handicap information or special information (including fast games, all-star points, etc.) not included on a scoresheet is considered to never have occurred. In general, "if it's not on the scoresheet, it didn't happen".

I. Each scoresheet is to be signed by each captain (or team representative).

J. Scoresheet and packet pick-up and return:

1. The home team is responsible for picking up the scoresheet packet from the designated location. Scoresheet packets will be ready and available no later than 6:30pm on Tuesday. Failure to pick up the scoresheet packet will result in a forfeit by the home team.

2. The winning team is responsible for mailing the scoresheet to the designated location (set by the League Statistician at the beginning of each season) with a postmark no later than the day following Match Play night. Scoresheets should be returned in the envelopes included in the match packet. Return of scoresheets by any means other than mailing are solely at the discretion of the League Statistician. Failure to return the scoresheet on time will result in a penalty being assessed the team(s) responsible for its return. The value of the penalty is dependent on the amount of time by which the scoresheet return is late, and is defined in Article XII of these Rules for Match Play.

3. The losing team is also responsible for maintaining and keeping an accurate copy of the scoresheet. In the event that the winning team loses or fails to return its copy of the scoresheet, the losing team will be required to produce its copy of the scoresheet for the League Statistician within five days of notification, or they also will lose all of the points that they earned in the match. The winning team will still be penalized for a late/lost scoresheet.

4. The winning team is also responsible for returning the empty packet to one of the pickup points the next time they are to pick one up as the home team. Teams failing to do so will receive two warnings, and then a 2 point penalty for each subsequent packet not returned. (Note: many teams simply leave the packet at the pickup point and take the contents of the packet to the match, thereby ensuring that the packet is already "returned".)

Editor Notes

Packets drop off **Down Under Pub ONLY**.

Scoresheets:

Remember, it is the **winning team** that is responsible for getting their scoresheet to **Joyce P. Owens**. It must have a Wednesday postmark if mailed, or be faxed by Wednesday to avoid penalties. Current penalties for late scoresheets are 5 points for a Thursday postmark or fax, 8 points for a Friday postmark or fax, and all points thereafter. The losing team should keep their copy. If the winning scoresheet is lost, the losing team will only get their points if they can produce their copy. The home team is responsible for picking the packet up before the match. It is the responsibility of both teams to verify that all information on the scoresheet is correct.

If any team needs to **add a player** throughout the season, they must first have the Executive Councils approval. Captains need to contact **Peggy Jackson** to do this. Approval is required **72 hours** prior to the first match played. After approval, the new person must then be paid for before they play.

The **division median** for this season:

B=14.30

C=10.72
