Wow! If you weren't there, you missed it! I admit to being a biased observer / participant, but this had to be one of the all-time great BCDL matches. Both teams had darts for the win in most of the games, including the 701. This is one championship that literally came "down to the wire!"

From: Patrick Murray

To: Andrew Mead

I finally had the time to peruse the first issue of the newsletter under your control and I direct your attention to the first paragraph in column three on page two.

Can you say, "breach of contract?" I know you can.

You (and every sitting member of the Executive Board) need to retain counsel. As soon as possible. You *will* be required to defend your position in a court of law of competent jurisdiction. This is no joke, Andy. You and *every* member of the sitting Executive Board. And the Bull City Dart League.

Your motion offends my very being - I have done more for your precious league in a season than you have done since the fall of '92 when the league was first concocted. And you show your appreciation for that work in this manner. Never have you contacted me about this; never have you done anything more than engage in hypocrisy and witch hunts regarding the current situation in the league.

I can't honestly say that I did not see this coming - pity that I actually thought of you as a more decent person than you have turned out to be.

Here I was, prepared to continue the BCDL site with input from the new statistician, but if we can't come to an equitable solution to this present situation, come 15 July, (a) a breach of contract lawsuit will be filed against the BCDL and the members of the EB and (2) the new NC Darts: BCDL site will have nothing more than the copy of said lawsuit.

You sure have a strange way of growing your dart league. Best of luck to you and your league.

BTW, this has only be sent you and cc'd to me. I expect to hear from you RSN - the rest of the league and the EB will receive a copy of this next Monday if you choose to hold your present course. Eric Paradis (lacking email) will learn of this when a Sheriff serves the paperwork.

I will mass-mail the rest of the EB and the league early Monday morning before I leave for work, absent a resolution to this pitiful turn of events.

It was a very good match! The team I hand picked was better than excellent, they were (at the least) extremely awesome. Although I do have one complaint. I really don't think both D division teams should be playing A division teams in the 1st week of the tournament. I realize that may have been what the #s said. But you have to kind of sit back and think! Anyway it was a great season. See y'all next season!! (JS)

Yes we still love playing this team. Too much fun!!! I thank my new wife Jenn for winning the 701 game. She hit our Dbl 2 out. Once again Big Bad Bob with the match dart. See y'all in the T-Rounds (JS).

PS. As a team we all nominate Don Richards as the replacement for Anita Tyndal. (Thats 6 votes for Don!) (JS)

Concur... plus 5 votes from the Shackers for Don R.

What a great way to end our dart season! By far PA's are the best team to compete against. Hope to see you guys again soon!

P.S. To those who care - Find out what the traveling team did on the internet! Save the space for stats. We like seeing our name in print as much as T. Brown, A. Mead, etc., etc., etc. [Ed: With Patrick's resignation, I was left with only three days to generate the newsletter. I didn't want it to go out with everything in sixteen point type, so I called up Jason and got him to write those matches up. The editorial policy of this newsletter and all of its precursors is to publish anything submitted by the league membership. Please take some time and write an opinion column for the league. - A. Kudos to Frank for making Todd & Cat really sweat (and the AC wasn't broken). [Ed. Frank's partner was the ghost.]

This was a great match and the score doesn't reflect the closeness of the games (CNP)

But seriously, MaxT makes more out of three players than any other team we've seen. They

deserve better than to be relegated to three players throughout the season!

Handicap Points Per Dart (HPPD): is calculated from the ten (10) most recent Singles 301 and the ten most recent Singles Cricket games a player has played. The HPPD average is the normalized average of the games involved. Games included in the calculation may be from previous seasons.

Season Points Per Dart (SPPD): is calculated using all properly recorded regular season games from the given season. To be eligible for an award based on SPPD, a player must play in sixty percent of the singles sets that their team plays.

Singles, Doubles, and Overall Win Percentage and All-Star Averages: To be statistically eligible in these categories, a player must play in sixty percent of the sets that their team plays.

Final Notes
by Andy Mead

[Note: This is an excerpt from the party issue from the Fall 1994 season.]

This league is run by its dues paying members. Those members annually elect seven people whom they deem fit to run the league. During the year, members may lobby for changes, or they may lobby for the status quo. But they must also remember that they have entrusted the league to the seven whom they elected. The league is too large and unwieldy to run by plebiscite. If you want to see a rule changed, please write an article for the **BCDL News**, leave a [polite]

BCDL News Jul 26 - 13

note on the scoresheet, bring it up for [orderly] discussion at the next Captain's Meeting, or call and talk to the seven elected members of the Executive Council. **Don't** smelter and say nothing, **don't** complain about the way things are unless you are willing to offer an alternative, **don't** jump to conclusions, many of the issues you may have might have been discussed at length at the previous Captain's Meeting. The league is not run by conspiracy, it is a representative democracy. The spring season will bring new elections. Listen closely to what the candidates say, elect those who you agree with, regardless of friendship. Most of all, remember the time and effort that those running the league put into it. The **BCDL** is a labor of love. If the league is not run the way you like, either vote to change it, or consider other alternatives. If you don't like handicaps, none of the other area leagues use them. Though there may be strife or differences in the Executive Council, all of its members are trying to do what they feel is best for the league.

⇒ 473 players (from Stef Bogaerts to Eric Turner) have thrown darts in the thirteen seasons of the Bull City Dart League.

⇒ The Spring 1996 Season featured 167 players on 28 teams.

⇒ Rich Little, Robbie Crownover, Catherine Nichols-Plummer, and Todd Plummer were all members of In Flight!! during the BCDL's inaugural season (Summer 1993)! Rich and Robby have played all 13 seasons together and Catherine has been with them for 12.
